You are required to indicate your preferences for optional courses offered in Semester III by filling up the form overleaf and submit the duly filled form to the Postgraduate Division on or before 12th March 2023.

Semester III Optional Courses Selection Form - 2023

Name with Initials: …………………………………………..………………………

Registration No: ……………………………………………………….………………

Telephone No: …………………………………………………………………..…………

Email: ………………………………………………………………………………

Degree Programme: **Master of Information Technology**

● A student can select any number of optional courses to fulfill the required academic qualification to obtain the degree
● Selection of courses does not guarantee that the selected course would be offered since each course would be offered depending on the number of students who have opted for that course.
● Once the selection of optional courses is finalized, it is assumed that the student has registered for the courses with respect to the semester III examination and you need not register for the courses again at the examination.
● Students are advised not to select courses that are offered in parallel in the lecture timetable since lectures, assessments, and final examination of such courses may be conducted in parallel.
● Optional subjects with the highest grades will taken into consideration when calculating the GPA

Note:
1. If a student wishes to withdraw/ change a selected optional course, he/ she should forward a written request to the Board of Study of Research and Higher Degrees for approval on or before the 31st March 2023. Such requests received after 31st March 2023 WILL NOT be entertained.

2. If a student did not sit the exams of a selected optional subject without necessary approvals, it would appear as ABSENT in the transcript and would be considered for computation of the GPA.

Please check ("✓") the appropriate box below and indicate your preference;

No	Course Code	Course name	Credits	Selected optional courses
(1)	MIT 3201	Individual Project	5	**Compulsory**
(2)	MIT 3202	Project Management & Professional Issues in IT	2	☐
(3)	MIT 3203	The Foundation of e-Learning	2	☐
(4)	MIT 3204	Data Mining and Warehousing	3	☐
(5)	MIT 3205	User Interface Design	3	☐
(6)	MIT 3206	Mobile Computing	3	☐
